North Fork Veterinary Clinic strives to provide the exceptional care for your pets and the rest of the pets boarding at our facility. Therefore we require all dogs and cats to be treated with a flea preventive at the time of check-in. Dogs are required to have current Rabies, DHLP-Parvo & Bordetella vaccines. Cats are required to have current Rabies & FVRCP vaccines. If your pet has not had the required vaccines and/or treatments, we will update your pet to meet the necessary boarding requirements for an additional fee. **Initial_____

For the health and safety of your pet and other pets boarding at North Fork Veterinary Clinic, our staff will use their discretion to determine which dogs may participate in the outdoor play area. **Initial_____

**If your pet becomes injured/ill while boarding, we will make a reasonable attempt to contact you before treating. If you cannot be reached, all necessary diagnostics and treatments will be performed at the owner's expense.
Initial:_____

****We will make a reasonable attempt to maintain your pets' personal belongings, but we will not be held responsible for damage/loss of any collars, tags, bedding, toys, etc. left with pets. Initial:**_____

**A 50% deposit will be required for all pets boarding longer than 14 days.
