PUPPY CARE PROGRAM

The first six months of your puppy's life can be very enjoyable provided he or she stays happy and healthy. We believe that prevention is the best medicine. This program is provided to keep your puppy healthy at an age where disease and parasites can be a real burden to their health.

What's included in the Puppy Plan?

- 1) Comprehensive physical exam at the 8, 12 and 16 week appointment.
- 2) Complementary (medically related) examinations for 6 months from the time of purchase.
- 3) DHP-P (distemper hepatitis, parainfluenza and parvo-virus) vaccine series.
- 4) Lepto (leptospirosis) vaccine series.
- 5) Rabies vaccine & certificate.
- 6) Fecal analysis to the lab.
- 7) Dewormer.
- 8) 1st dose of heartworm preventative.
- 9) Complementary toe nail trim's for 6 months from the time of purchase

***This program does not cover extras such as: spay/neuter, surgery, x-rays, bloodwork, flea/tick preventatives, medications and after hour calls.
